A Nubian Quattrocento?
Dr. Jay Spaulding
The Early Christian Doctrine

- Scripture commanded the subordination of wives to their husbands.
- Rules of Marriage in the late 1600's encouraged scolding.
  - But if this did not resolve the issue then corporal punishment was an acceptable form of punishment, not out of anger, but for the good of her soul.
- Russian Orthodox Church established that men were permitted to control their wives, in fact they were expected to.
- Household Ordinance

Using Tracking Technology for Space-Time Behavior Study in the Context of Flu Transmission: Preliminary Results

Dr. Feng Qi

Applications

- Health related research
  - Tracing children’s exposure to pesticides [7]
  - Tracking adolescent behavioral patterns [8]
  - Investigating the role of human movement in the transmission of vector-borne pathogens [9]
  - Comparing health risks associated with air pollution with different transportation methods [10]
- Real-time epidemic control and alert [11]
